Architecture and Interiors

Online Lecture

8:00pm start

Visitors welcome

Nigel Forster

We often want to photograph both the outside and inside of architectural

subjects. Nigel's lecture includes his professional approach to capturing interiors, from wide views to detail, the angles to look for, handling contrast and mixed lighting, the kind of building to capture and common issues to avoid.

This talk takes place online using the Zoom app. The login code will be emailed to members. Visitors are welcome and entry is free (voluntary donations are welcome). Please request the Zoom code by visiting hdcc.org.uk/syllabus
